COLLECTIVE BARGAINING UPDATE

Dear Membership,

The Collective Bargaining Committee received a proposal from the Division on January 26, 2022. We have submitted a counter proposal.

We are pleased that we do not have to wait weeks for a response from the Division to our proposals. We believe this quicker pace is a direct result of having a Conciliator involved in these negotiations.

The Collective Bargaining committee's mandate is to bring a contract that is representative of the value we deserve to its membership. That is what we are working hard to obtain. At the conclusion of these negotiations, we will have a contract that we can recommend to membership to ratify, or we strike.

An important item for any vote is have the most up-to-date membership information. These forms ensure all members with voting rights can have the opportunity to use their right to vote. Liaison Reps will be receiving membership update forms in the work locations next week.

Please fill them out and send them back to the W.A.N.T.E. via the WSD courier if:

- you have recently moved**
- you are on a new term**
- you have recently been made permanent**

The Division **does not** provide any of this critical information to the W.A.N.T.E. office.

More updates will follow when more information becomes available.

Bruce Zilkowsky
Collective Bargaining Chair

Tricia Wiebe
Collective Bargaining Co-Chair
